

Take Charge of Your Future!

Water and Wastewater Internship Program (WWIP)

WHO?

Ideal for recent high school graduates, college students exploring careers, and veterans seeking a new challenge. Applicants must be 18 or older, legally permitted to work in the U.S.

WHAT?

WWIP, offered jointly by local water and wastewater authorities, provides hands-on, paid work experience in the industry through a inter-departmental, rotational approach.

WHEN?

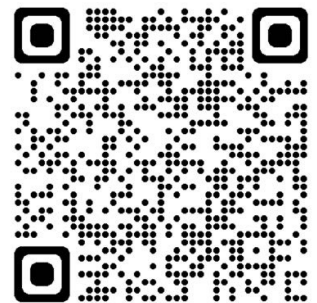

During the 10-week internship, participants rotate between authorities every 2-3 weeks, working Monday-Thursday from 7 AM to 3 PM, starting in early June.

WHY?

Whether you enjoy working outdoors, solving problems, analyzing data, or helping others, the water and sewer industries have something for everyone. Join a field where your work makes a difference every day!

- **Hands-on Experience**
- **Shadow Industry Professionals**
- **Grow your network**
